495 Killed On U.S. Labor Day Holiday

Drowning Total

Traffic accidents across the nation during the labor Day holiday killed at least 495 persons, a record for the three-day weekend.

Delayed reports were expected to boost the total to around 500 for the 78-hour period that began at 6 p.m. (local time) Friday and ended midnight Monday.

In addition to traffic fatalities, there were 22 deaths from boating accidents, 57 by drowning and 94 in miscellaneous mishaps for an over-all total of 668, also a record for the holiday.

The traffic toll surpassed the previous record of 461 for a Labor Day holiday, set in 1951. The previous over-all record for the holiday was 658, also set in 1951.

Congress Heads Into Homestretch At a Slow Trot

gress headed into the homestretch today at something akin to a slow

Both the House and Senate began the annual "race" to adjournment. If the pace is steady, the legislators hope to quit by the end of the month.

But some members, returning from their Labor Day weekend, said it may be as late as Oct. 13. The situation is particularly irritating in the House where every seat is up for election in November and the pressure to begin (Turn to Page 4, Column 8)

Katanga Accepts Plan for Political **Congo Federation**

- United Nations officials today welcomed Katangese acceptance if the U.N. plan for reunification of the Congo and predicted fast action on it.

Acting Secretary General Thant was expected to put the program in motion as soon as he returns iate this afternoon from Vienna, completing a tour of Eastern Eu-

The plan, submitted by Thant two weeks ago, would end the two-year-old secession of Katanga Province and establish a federal form of government. Katanga's secession has been the principal cause of the Congo problem which has kept a U.N. force in the country at \$10 million a month.

Katangese President Moise Tshombe notified the United Nations of his acceptance Monday. His statement said "the government of Katanga declares it receives with enthusiasm the deci sion to give the Congo a federal

> pass the bill by last Friday, but ive straight night sessions failed

et a goal of next Friday. The delay is holding up anothe p priority bill - the Foreign rade Expansion Act. The Senate ad to put it aside so its mem-

So far. Sen. Robert S. Kerr, D-Okla., floor manager for the tax revision bill, has been able to beat off all amendments which he

However, battles remained to be fought on tightening the expense account section, on knockng out a provision which makes lobbying expenses deductible, an oreign earnings on American

Senators also had amendments pending on such diverse subjects as a reduction in the oil and gas depletion allowance, reduction of top bracket income tax rates, repeal of the 4 per cent credit alowed on stock dividend income. allowance of a \$600 deduction for college expenses of a child, and allowance of a tax credit for poitical contributions.

By far the most controversia subject to be raised, however, is the long-debated bill to give selfemployed persons the right to set p tax deductible private pension

Republican Leader Everett M. Dirksen of Illinois has pledged to call this up as an amendment, and has said repeatedly he has the votes for it. It has strong support particularly from doctors

The plan has been opposed by the Kennedy administration, partbecause of the revenue loss. This would run about \$180 million a year under a version approved as separate legislation by the Senate Finance Committee

However, Democratic leaders took a survey at the end of last week and concluded they did not have the votes to kill the pro-

Democratic senators counseled that a member on their side should propose the amendment, so that what political credit involved would go to their

Others suggested that the amendment could be kept out of the tax revision bill by a pledge to call up the separate measure already cleared by the Finance Committee. It then would have to take its chances in the adjournment crush, and could be vetoed

114-Year-Old Will Not Vote for Rocky

CHATHAM, N.Y. (AP)- Henry Herndon, celebrating what he said was his 114th birthday Monday. received a birthday cake and a handshake from Gov. Nelson A. Rockefeller at the Columbia Coun-

Rockefeller told Herndon, "This is one of the finest moments of

my life." Herndon, who was born a slave in Virginia, is believed to be the oldest resident of the state. Despite the attentions, Herndon

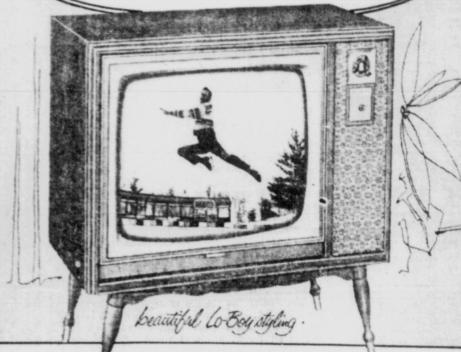

said he would not vote for Rockefeller in the November governor "I'm too old to vote," he said.

Housewife May **Exert Influence** On Food Prices

By OVI DA. MARTIN

WASHINGTON (AP) - The American housewife is nearing their point where she can exert considerable influence in stabilizing prices of meats and other frozen

An Agriculture Department survey showed that by the beginning of 1960, food freezing units in nomes were capable of storing Shout 5 billion pounds of food. At that time, more than 11 million families were using these units to store all or part of their perishable food supply.

Commercially operated food locker units were capable of stor-ing an additional 1.5 billion of these foods.

By purchasing meats and other frozen foods at periods when prices are lowest, owners of the home freezers and holders of locker units are in a position to protect themselves against seasonal and other price advances. They can stabilize prices by remaining out of the markets during periods of short supplies and rising prices.

The survey did not indicate the extent to which owners of home freezers and renters of lockers were making use of these facilities to insure themselves against price advances.

WASHINGTON (AP) - The Agriculture Department reports that per capita consumption of citrus fruits has dipped in recent years far below previous peaks.

Consumption last year was reported at an average of 30.5 pound compared with 33.3 in 1960 and a Carpentry record 68.2 pounds in 1944. The reduction has been chiefly in oranges and grapefruit.

The per capita consumption of apples, peaches, pears and some lesser fruits also is down from past levels. Apples at 18.6 pounds last year were down 5 pounds from the record set in 1938. Peaches averaged 9.5 pounds last year compared with a record of 3.8 pounds in 1915.

WASHINGTON (AP) - The Foreign Agricultural Service predicted today a decrease in world trade in wheat during the 1962-63 marketing year.

Latest reports indicate world trade in wheat during the 1962-

63 marketing year. Latest reports indicate world trade in the 1961-62 marketing year totaled 1.67 billion bushels or nearly 10 per cent more than in

the previous year. ne previous year. The service said that after several years of below average crops in several parts of the world, production this year has shown considerable improvement. Europe is expected to require less during the new season. This could adversely affect U.S. Sales.

But Asia was expected to require large quantities of U.S.

Recial Prejudice Charged in Guard

MILFORD, Conn. (UPI) - Rep. Horace Seely-Brown Jr., R.Conn., charged here that prejudice among professional soldiers was at the bottom of the Defense Department proposal to reduce National Guard divisions.

The proposal reflected, he said, "the historic antipathy of this country's professional soldiers to our citizen soldiers."

A House armed services subcommittee earlier this week urged that the Pentagon plan be rejected because it would deteriorate "the morale of reserve nits throughout the Army without significantly increasing readiness capability of the Army Re-

De Gaulle Goes grade, Yugoslavia, refused to return to his native land and will To Germany for **Crucial Talks**

22 GAZETTE TELEGRAPH COLORADO SPRINGS

TUESDAY, SEPT. 4, 1962

By WELLINGTON LONG BONN (UPI)-President

ing championships would be held Charles de Gaulle arrived in West Germany today for a six-day visit Buy or sell through a Gazette surrounded by some of the heav Adv. Telegraph Classified Ad-632-4641 lest security precautions ever ac orded a visiting chief of state.

The 71-year-old French presi dent was warmly greeted at the airport by 86-year-old Chancellor Konrad Adenauer and West German President Heinrich Leubke. both of whom have made recent visits to France.

Up to 5,500 uniformed and plainclothes police were reported scattered in and around Bonn to guard against any possible repeat of an attack in France two weeks ago in which De Gaulle missed death from machine gun bullets by inches.

Despite the risk of assassinaion. De Gaulle boldly decided to go through with this visit to strengthen the Franco-German alliance which he regards as the cornerstone of Europe.

De Gaulle and Leubke both referred in their airport speeches to the growing Franco-German friendship and alliance in defense of freedom

Eighteen motorcycle police escorted the two presidents into the city from the airport. All bridges along the 30-mile route were checked for possible bombs this morning.

In urban areas police stood on either side of the route every 10

Immediately behind De Gaulle's car were three more automobiles filled with policemen. After them came the two first ladies, then hancellor Adenauer riding alone. Helicopters and motor police urveyed the route in advance. While in Germany De Gaulle's lood will be sampled by two tasters and his cars will be inspected requently for booby traps. De Gaulle is the first French

ruler to visit Bonn since Napoleon went there 158 years ago to measure the German city for a fortress. Because his horse stumbled on a loose cobblestone the superstitious Napoleon abandoned the
